**Cc:** official information  
**Subject:** RE: LGOIMA 19041 - The business of quarrying aggregate

Good Morning,

Further to your information request of 22 February 2019 in respect of the business of quarrying aggregate, I am now able to provide Hamilton City Council's response.

**You requested:**

*Relating to the business of quarrying aggregate in the districts and regions...*

*Summary*

- Data held by each territorial authority for period 2016-2018:*
- Number of quarrying consents received, approved and/or declined;*
- Details of each consent (restricted discretionary or other status), period of consent, geological type of aggregate (if known), volumes of aggregate and number of allowable truck movements;*
- What special consent conditions [especially environmental protection / mitigation measures, buffer zones etc]*

**Our response:**

Hamilton City Council has had no consent applications or hold any information pertaining to the use of a quarry during the requested time period.

Kind regards,

**Amy Viggers**

**Subject:** Re: LGOIMA 19041 - The business of quarrying aggregate

Good morning,

I write to acknowledge your information request of 22 February 2019 in respect of the business of quarrying aggregate.

Please be advised that your request has been passed on to the relevant team within Council and you will be informed of the outcome.

The Local Government Official Information and Meetings Act 1987 requires that we advise you of our decision on whether the Council will provide the requested information or not “as soon as reasonably practicable”, no later than 20 working days after the day we received your request. We will respond to you no later than 22 March 2019.

Kind regards

**Amy Viggers**

Mayor, Chief Executives, Commissioners, Governance  
City, District and Regional Councils  
Aotearoa New Zealand

**A Local Government Official Information and Meetings Act 1987 and an Official Information Act 1982 request.**

Tēnā koutou katoa

The University of Auckland received funding from MBIE to undertake research into *Leveraging Aggregate Resources*. We are now in the final stages of the project.

In preparation to filing our final report we have presented the preliminary findings of our 4-year project to PSGE asset managers; Māori landowners, regional and district council staff, quarry owners and industry and people from various communities for their observations and input.

Our workshops have been held at Waitangi and Whangarei and we will be presenting our findings also at Hamilton, Wellington and Auckland.

We have been hosted by the respective hosts including local authority or transportation agencies which assisted by advising and inviting the above groups to attend our workshop. We have received excellent support from your colleagues.

As we progressed, we realised and accept we have gaps in our knowledge relating to the business of quarrying aggregate in the districts and regions.

Hence this global request to each city, district and regional council to respond accordingly:

Summary

- Data held by each territorial authority for period 2016-2018:
- Number of quarrying consents received, approved and/or declined;
- Details of each consent (restricted discretionary or other status), period of consent, geological type of aggregate (if known), volumes of aggregate and number of allowable truck movements;
- What special consent conditions [especially environmental protection / mitigation measures, buffer zones etc]

Out of scope

We do not seek the names of the operator or the quarry owners or the physical addresses relating to this inquiry.

Please direct all inquiries to the project researcher [redacted] (on this email) or [redacted]

This email request was lodged today 22 February 2019. An email response is welcome by 22 March 2019.

Ngā mihi nui
