Further to your information request of 29 June 2020 in respect of information relating to building demolitions, I am now able to provide Hamilton City Council's response.

You requested:

I would like the physical addresses of all buildings currently scheduled for partial or total demolition, as well as all buildings where an consent application has been made in regards to the demolition of the building.

Please also include buildings that do not meet the aforementioned criteria, but that which the demolition of is currently planned by council in the future (e.g buildings set to be demolished for the construction of the new theatre/performing arts centre in the CBD)

Regarding all properties, please include the following information where available:

*scheduled date of demolition or date of demolition applied for
if the building has been deemed dangerous or unsanitary by HCC
if the building is owned or partly owned by Hamilton City Council*

*Please also explain any relevant caveats that should be kept in mind when analysing this information.
Please provide this information in an accessible, machine-readable spreadsheet format, such as CSV or XLSX.*

Our response:

Please find **attached** a list of Building Consents where demolition has been included within the description of work or demolition is listed as the Building Nature category in our regulatory system. Those highlighted in red are applications where Hamilton City Council is listed as the applicant. As there is no requirement for Council to retain the scheduled dates of demolition as part of the Building Consent we are unable to provide this information. It will also pay to note the demolition exemption under Schedule 1 of the Building Act 2004 where no Building Consent is required.

We trust this information is of assistance to you.

Please do not hesitate to contact me if you have any further queries regarding your request.

Kind regards,

Michelle van Straalen
