WHICH OPTION DO YOU SUPPORT?

Option 1 (the Council's proposal): Right investment, right time

Comments:

Option 2: Borrow more, do some projects earlier

Which projects would you like to see completed earlier and why?

Option 3: Borrow less, do some projects later Yes

Which projects would you like to see deferred to later and why?

All the roading projects. Hamilton's transport is already overwhelmingly by car. With global warming and deaths on the roads, this is not sustainable. Instead the low cost option of painting lines on roads should be used to create a comprehensive cycle network and encourage the use of electric cycles.

Other:

None of these options

PROPOSAL TO PERMANENTLY CLOSE THE MUNICIPAL POOL

Do you support or oppose the proposal to permanently close the Municipal Pool? Oppose

Comments: The CBD has lost too much already.

OTHER COMMENTS:

I fully support the Living Streets Aotearoa submission.
