**This is a Ruakura Variation Submission on the Hamilton City Council Proposed District Plan (the Proposal):**

<b>The specific provision that my submission relates to is:</b>	<b>Support, Oppose or Support in part</b>	<b>My Ruakura Variation Submission is:</b>	<b>I seek the following decision from the local authority:</b>
11 Ruakura Industrial Park ZoneArea	Support in part	I am looking at Figure 2-15A and would like to see the spine road moved further west towards the main highway, much further away from the residential areas. This should be a basic structural change considering most traffic will be trucks. Better away from residential, as it is permanent traffic movement day and night.	Please move the spine road in Fig 2-15A to the West. Away from residential area, and closer to the new bypass.  Common sense to have noise inducing trucks closer to a highway, rather than a residential area.
