1. The specific provisions of the Proposed Plan Change that my submission relates to are as follows: *[Please refer to the specific section or part]*
Swimming Waikato supports the full plan change in its entirety.

2. Swimming Waikato is fully supportive of the plan change in its entirety for the following reasons –
- Swimming Waikato has been in discussions with Perry Investment Management Limited in relation to the waterpark facility and the opportunity to -
 - o Collaborate with Watersafety New Zealand, schools and other local aquatic users to deliver a watersafety education programme that includes a practical component which would be delivered in the environment. This would give our youth a supervised learning opportunity which addresses the high drowning rates throughout New Zealand.
 - o Host open water swimming events in the city. Open water swimming is growing in popularity in the Waikato, with Triathlon groups, Masters swimmers and our own club swimmers looking for opportunities to practice swimming in a natural environment.
 - o In addition to these swimming specific opportunities, we support the plan change because - Housing is a much needed resource in Hamilton City and the opportunity to have a riverside subdivision, with a well planned variety of dwelling types, is a positive and efficient use of this land.
 - o Te Awa Lakes would provide an exciting, vibrant gateway into Hamilton city.
 - o The Adventure Part component of the development provides an additional unique community amenity.
 - o The location of Te Awa Lakes has the additional benefit of connecting with the Te Awa River Ride which opens up the Waikato River to our community.

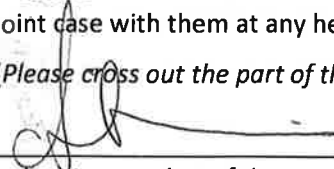

3. I seek the following decision from the Hamilton City Council:
 [Give precise details]
