

Web of Memories

A mature weeping cherry is central to the Web of Memories, and nearby shrubs provide an array of seasonal colours.

A small box hedge surrounds the ash interment lawn which has concrete beams for the installation of upright memorials.

Seating within the small lawn allows for quiet reflection.

Memorabilia or Tributes

Fresh or artificial flowers are considered the most appropriate form of memorabilia, and these should be placed in a vase recess within the memorial. No containers may be placed on the concrete beam once the memorial is installed.

Unfortunately memorabilia containing glass, ceramics, terracotta, rocks and pebbles, or wire/metal-based items are not permitted because it can present a maintenance, or general public, hazard.

Items will be removed and held for one month in accordance with the Hamilton City Cemeteries and Crematorium Bylaw. Collection can be arranged from the cemetery office between 8.30am and 4pm.

Exclusive Rights of Burial

Burial rights are deemed to be owned by the person recorded in our database who purchased the plot. The purchaser can transfer the exclusive right of burial for the plot to a close relative subject to the approval of the Council. Council may, at its discretion, purchase back any unused plot on such terms and conditions as it sees fit. If no burial has taken place after 60 years from the date of the original sale the exclusive right of burial of the plot lapses.
