Subject: Submission to resource consent application for demolition of the Block Plant structure in Temple View

I oppose the resource consent application to demolish the Block Plant at Temple View by The Church of Jesus Christ of Latter Day Saints Trust Board.

I oppose the proposal in its entirety.

The reason for my submission is demolition of this building will cause increased adverse cumulative effects on the already decimated Temple View environ, further dissolving the special character of the Temple View community provided for in the District Plan, but disappointingly not upheld in resource consent applications approved to date.

The decision I wish the Council to make is to decline the resource consent in its entirety.

I wish to be heard in support of my submission.

I will consider making a joint hearing presentation with others who may submit a similar submission.

I have not attached additional information to this submission.

Many thanks,
Meshweyla
